

## **ARRL Field Day is June 25, 2022 at 2:00pm to June 26, 2022 at 2:00pm**

The ARRL says “Field Day is ham radio's open house. Every June, more than 40,000 hams throughout North America set up temporary transmitting stations in public places to demonstrate ham radio's science, skill and service to our communities and our nation. It combines public service, emergency preparedness, community outreach, and technical skills all in a single event. Field Day has been an annual event since 1933, and remains the most popular event in ham radio.”

MVARA Field Day will be held at Mill Creek MetroParks Farm, 7574 Columbiana-Canfield Rd., Canfield, OH 44406 across from the Canfield Fairgrounds. The public is most welcome to come and see what amateur radio is all about.

Set up will begin Friday afternoon and continue Saturday morning. An educational activity on how to crimp PL259 connectors will be conducted Saturday at 5:30 pm. Monitor the W8QLY repeater 146.745 for any last minute changes. We hope to see you all there.
