March Meeting Program: Locating Power Line Noise (and other RFI)

For our March meeting we will hear from Jeff Stuparits, W4DD. Jeff became interested in RFI about ten years ago when RFI affected his ability to enjoy ham radio for contesting, weak signal work, and rag chewing. In addition to providing information on locating RFI, he will also have a few pieces of hardware for show and tell. Jeff is retired from a large cellular company where he worked in the Advanced Technology Group on spectrum issues including cellular spectrum optimization and FCC spectrum auctions. In addition to his 20 years in cellular, he also worked in Telephone Operations and Air Defense Communications. Jeff's background includes a EE, a MBA, and he is a licensed P.E. Additional information about Jeff can be found on his QRZ web page or page 13 of the August 2022 QST, Member Spotlight.
