

Mahoning Valley Amateur Radio Association

K2BSA/8 Camp Stambaugh 100 year Anniversary

The local Boy Scout Camp (Camp Stambaugh) in Youngstown is celebrating 100 years this year. Our club The Mahoning Valley Amateur Radio Association was asked to come out and set up some radios for the day.

We will be operating under the call sign of K2BSA/8 on Saturday September 21st. from 8:00 A.M. to 5:00 P.M. 80 meters frequencies are 3.920-3.940. On 40 meters we will be operating on 7.180-7.200 and 7.270-7.290. We may also try 20 meters on the frequencies of 14.270-14.290 and 14.320-14.340. We will also have a 2-meter radio listening to the W8QLY repeater/146.745.

We will be looking for contacts for the Scouts to talk to, so If you are home and in your shack it would be really great if you could help out. We will be letting Scouts and parents that are interested get on the air, so please be patient and be prepared to answer lots of questions or ask lots of them.

MVARA members who would like to help out at the camp should contact Scott KE4UHC at KE4UHC@neo.rr.com
