

I have a brand new, used twice.

TYT MD-9600 Dual Band Digital DMR mobile unit. 50/25watt. I bought it from radio oddity on Amazon for \$269. I'm asking 250 or best offer. Local or semi local pick up. Contact info would be this dragonspecpc@gmail.com, or my cell call/text 234 575-3094. Comes with programming cable, but no software.
